

# Annual Report 2024

## Our Mission

Our mission is to take action against hunger and poverty in Nigeria and other parts of Africa. In 2024, we remained deeply committed to uplifting vulnerable communities through sustainable and life-changing initiatives.

## Country of Operation

**Nigeria**

## Our Focus in 2024

In 2024, our primary goal was to support impoverished communities in **Southern Nigeria** by creating **boreholes** to provide access to clean and safe drinking water. Clean water is a foundation for health, dignity, and economic opportunities.

While the funds raised during the year were not sufficient to complete the borehole projects, this mission remains close to our hearts. We continue to work toward making this goal a reality and are hopeful to accomplish it in **2026**.

## Financial Summary

Our work in 2024 was made possible through the generosity of our supporters and partners.

- **CAN Collection Initiative: €600**
- **Matched Funding from a Partner: €600**
- **Total Funds Raised in 2024: €1,200**

Every contribution strengthened our resolve and helped lay the groundwork for future impact.

## Looking Ahead

Although we were unable to complete the borehole projects in 2024, the year strengthened our partnerships, vision, and determination. We move forward with renewed hope,

committed to transforming lives through clean water access and sustainable development.
